

Annual Report 2016

Dear KHCP friends,

March 1, 2017

like in the previous years, we once again thank our supporters from our very hearts. A total of about 88.000€ was raised and – like in all the previous years – these funds will be swiftly allocated to their purpose.

Dr. Sonam and his team of Dhulikhel Hospital have once again travelled the Himalayas, setting up countless medical camps and helping monks, nuns and also laymen alike. Throughout the year, we provide you with detailed reports on their work via Facebook and our website.

The 9th Monlam Medical Camp was as successful as always. More than 30 helpers from the “East and West” were involved and managed to treat about 1800 people.

Karmapa took the time to hold a 2nd meeting with all leaders of Karma Kagyu Institutes and Projects, in which Dr. Sonam represented our group. If you want to take part in this unique experience in the future, just contact us at info@karmapa-healthcare.org.

We would like to thank Ulrike for her volunteer work as a tax counsellor. Due our growth, this task could no longer be taken care of by volunteers and was therefore handed over to tax advisor company Connex. For contribution receipts (only for German donations exceeding 200 Euros/year) please contact spenden@karmapa-healthcare.org. Our deepest appreciation and heartfelt thanks to every supporter! Because of you, we are able to reach so many people with our help. Have a look at the chart with the current amount of donations by visiting the welcome page of our website.

For 2017, we need to collect a minimum of 100,000 Euros a year to be able to provide the most basic of medical treatments.

We got the request to now also taking responsibility for another Karma Kagyu monastery – Ray Monastery - located above Rumtek with about 65 new friends. We try our best to fundraise the needed donations for that.

Thanks to all the friends everywhere! COME TOGETHER

Yours,

Pia and Peter, the KHCP team and the board of directors of Karmapa's Healthcare Project e.V.
